MILES: You are at the midpoint of your Grad-In-Four timeline.

Please remember you are part of the KU Four-Year Tuition Compact. This compact is not a tuition savings or discount plan: it establishes a fixed tuition rate for four calendar years. If you do not graduate by Summer 2011, you should anticipate a 10-20% increase in Fall 2011 over your current tuition rate (actual percentages may vary).

Reaching the following milestones by the midpoint of your Grad-In-Four timeline greatly increases your chances of graduating from the College of Liberal Arts and Sciences within the Tuition Compact period:
Declaration of a major

✓ You are on track regarding major declaration in the College. Our records indicate: PSYC MAJOR DECLARED.

Completion of at least 62 hours that apply to your CLAS degree.

✓ According to our records, you are on track regarding the number of successfully completed hours. Your ARTS form provides detailed information about your progress toward a degree and your remaining requirements.

Schedule a meeting with your academic advisor to make a graduation plan!
